Maybe even better than free.

You can upload any type of file (movies, music, documents, images, zip files and more). Keep your files private, or send your download links only to friends or family. You decide who you want to share your files with. There are no restrictions on the number of times a file can be downloaded. filehosting provides an easy possibility for you to send large files to your friends. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. No account or credit card is required to get started. The cost of that data transfer is covered by your internet service or the data plan on your phone. Files can be downloaded from any computer from our high speed servers. Alternatively you can choose to share your download links on blogs, forums and socialnetworking sites. Using file, you can circumvent those limits without paying to upgrade your team chat service. You can give this download link to your friendsby mail or instant messenger. File is free to use with no gotchas and no hidden fees. Simply upload your file and share the link. You don't need any specialsoftware installed to be able to download your files. We have no file size limit. If only we could, we surely would! On the other hand, using file can actuallysave you money. Our service is completely free for everyone. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costingyou money in data storage fees. It is also allowed to link to the download page from websites and communities. Why pay storage fees for a file that you justwanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. So try our free andsimple filehosting service now. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred betweenyour computer or phone and our servers, then from our servers to your friends device. Unfortunately, we can't make that part free. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Just upload the file you want to share with your friends and we send you a download link to your file. Any file in any format can be uploaded and downloaded for free.
