Maybe even better than free.

You decide who you want to share your files with. filehosting provides an easy possibility for you to send large files to your friends. You can give thisdownload link to your friends by mail or instant messenger. Keep your files private, or send your download links only to friends or family. Any file in anyformat can be uploaded and downloaded for free. If only we could, we surely would! On the other hand, using file can actually save you money. Our service iscompletely free for everyone. We have no file size limit. Alternatively you can choose to share your download links on blogs, forums and social networkingsites. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phoneand our servers, then from our servers to your friends device. It is also allowed to link to the download page from websites and communities. There are norestrictions on the number of times a file can be downloaded. Just upload the file you want to share with your friends and we send you a download link to yourfile. No account or credit card is required to get started. You don't need any special software installed to be able to download your files. This is easy, fast andreliable filehosting! You don't need any kind of premium-accounts. Unfortunately, we can't make that part free. Why pay storage fees for a file that you justwanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Files can bedownloaded from any computer from our high speed servers. File is free to use with no gotchas and no hidden fees. Files transferred the old-fashioned way tendto pile up and be forgotten about, eventually costing you money in data storage fees. Simply upload your file and share the link. Using file, you can circumventthose limits without paying to upgrade your team chat service. You can upload any type of file (movies, music, documents, images, zip files and more). So tryour free and simple filehosting service now. The cost of that data transfer is covered by your internet service or the data plan on your phone. When you use file,you avoid storing the file you're sending in your cloud storage or mail server.
